

PRIDE™ Stool

A custom gas lift cylinder gives users a wide range of seat height adjustments. 10.25" (22-32.25")

The Pride Stool is equipped with backflex, which is not standard for most stool offerings. Pride Stool has passed all ANSI/BIFMA requirements for stability.

The Perfect Stool...
Superb style, comfort and functionality. Piretti Pride™ Stool sits in a class of its own. With many of the same features as the standard Piretti Pride Managerial Task Chair, the ergonomics of the stool will make any user happy. Stool seat height range is one of the best in the industry (22"-32.25"). Keep your feet on the floor or raise the seat and utilize the chrome stool foot rest.

The Pride Stool has upholstered or poly back shell option. Poly options are Black or Warm Grey.

The ergonomic stool can be adjusted to fit the individual via its:

- Adjustable Back Height
- Adjustable Seat Depth
- Adjustable Seat Height
- Variable Back Lock or Free Float Mechanism
- Mechanism Tension Knob Control

NOTE: No Forward Seat Tilt Option.

Four Arm Options are available:

- FA Fixed Arm
- HA Height Adjustable Arm
- AA Height Adjustable with 360° Pivoting Arm Caps
- BA Height/Width Adjustable Arm

The Pride Stool offers a new level of comfort and design that is at home in any office setting.

The Pride (BA) arm has a horizontal width adjustment of one inch, giving you two inches total width adjustment between both arms.

The Pride (BA) arm has 2.5" of arm height adjustment, with 5 different height settings.

Pride Stool has a seat depth adjustment of 1.75" with 4 locking positions.

Pride Stool has the standard height lumbar adjustment of 7 locking positions with 4" of adjustment.
